

Lake Whatcom Landscape Plan

Preliminary Draft Environmental Impact Statement

Alternative 5

Color shading depicts DNR-managed forestlands available for restoration thinning, and areas specially constrained by management strategies for:

- protection of mass wasting areas
- protection of potentially unstable areas
- riparian and wetland buffers
- potentially inaccessible areas due to other strategies

0 1 2 3 4 Miles

Legend

- Lake Whatcom Landscape Boundary
- Streams
- Roads
- Lakes
- High Hazard Mass Wasting Map Units plus Wind Buffer
- Potentially Unstable Slopes
- Riparian Buffer
- Inaccessible (1000' from existing roads) or Over 60 Years of Age
- Stands Available for Restoration Thinning
